# Subaru Loves the Earth®

## SUBARU OF PEMBROKE PINES

At Subaru, we believe what we leave behind is a reflection of who we are. That's why for over two decades, Subaru has been committed to leaving a legacy of protecting and conserving the Earth for future generations. Along with our retailers across the country, Subaru works to reduce waste, conserve resources, and preserve natural spaces — taking real, meaningful steps to achieve these goals.

All Subaru products are manufactured in zero-landfill production plants, and Subaru of Indiana Automotive, Inc., is the only U.S. automobile production plant to be designated a backyard wildlife habitat by the National Wildlife Federation.

Most recently, Subaru and our retailers partnered with the Arbor Day Foundation™ to provide and distribute 100,000 regionally appropriate trees across the country. Subaru is proud to establish the largest corporate tree distribution ever, leveraging Subaru's network of retailers to get trees into communities where they are needed most.

Through this and other Subaru Loves the Earth initiatives, Subaru and Subaru of Pembroke Pines have helped distribute and plant over 1.1 million trees.

## The Palace owners aren't in Corporate Headquarters. They're here every day.

Helen & Jacob Shaham founded The Palace Senior Living 45 years ago and they've never changed their "hands-on" rule of management. Joined by their sons Zach & Haim, they are familiar friendly faces to every Palace resident.

They come to the parties, seldom miss a birthday, and you can talk to them whenever you want because everyone has their personal cell numbers.

Being personally involved makes a huge difference for the staff as well. That's why companies like Gallup and Fortune rate The Palace one of the world's best places to work.

At The Palace, we're all happy to be here every day. We bet you will be too.

This family-owned and operated business has been serving Weston and neighboring communities since 1987, with a focus on delivering exceptional service and quality products at a reasonable price.

The company always utilizes high-quality materials and expert craftsmanship for the best roof repair and installation services available. Its 25-year to lifetime warranty on roofing products from the best brands in the industry ensures customer satisfaction. All work is conducted in compliance with the South Florida Building Code.

## Best Roof Treatment & Cleaning

### Roof-a-cide

[www.roof-a-cide.com](http://www.roof-a-cide.com)  
800-806-6727

While working with large scale roofers and manufactures, Roof-A-Cide recognized a void for proper roof maintenance and stain prevention. Since cleaning options were limited, most people were forced to resort to pressure cleaning or harsh chemicals like Chlorine Bleach and the damaging process of repeated roof cleaning was considered "unavoidable."

Roof-A-Cide is the only EPA-approved, non-toxic alternative to Roof Cleaning that's also approved by every major roof manufacturer of Shingle, Tile, and Stone-Coated Steel roofs including CertainTeed, GAF, Boral, Monier LifeTile, US Tile, Gerard, Metro, and Entegra. Roof-A-Cide safely and cost-effectively prevents roof stains for years with each spray – eliminating the need for repeated roof cleaning and the potential damage associated with it.
